

Eh Zhong Yu

Software Engineer | Software Developer

Bandar Pinggiran Subang 2, Shah Alam +6016-981 9647 ernesteh.zy04@gmail.com Eh Zhong Yu ErnestEZY

PROFILE

Software Engineering student at University of Wollongong Malaysia with experience building full-stack and AI-powered applications. Passionate about solving real-world problems through software and eager to apply my skills in a software development internship.

WORK EXPERIENCE

IFIXX Retail SDN BHD (IT Support - Diploma Internship)

Jan 2024 - March 2024

- Enhanced system reliability by 15%, by providing IT support using JavaScript for programming and analytics.
- Automated invoice distribution for 300+ owners, by developing JavaScript system with Google Apps Script, Zapier and Webhooks using Forms and Spreadsheets to send invoices via email and WhatsApp.
- Boosted user interaction efficiency by 25%, by creating WebApps with HTML, CSS, JavaScript, Google Apps Script, and Frontly.ai using Spreadsheets as the backend for login forms and approval systems in invoice management.

ACADEMIC PROJECTS

Interview Coach Prep System

Vue.js, FastAPI, Python, MongoDB, Docker, Nginx, RESTful API, JavaScript, LLM, RAG

- Engineered an AI interview preparation platform with 10 features that analyzes resumes, generate mock interviews across 3 question type, and outputs a 0-100% interview readiness score with light feedback.
- Developed a containerized full-stack web app using Vue.js, FastAPI (RESTful APIs), MongoDB, Docker and Nginx, integrating LLM prompt engineering and RAG for resume feedback and interview simulation.

KebSoLife Charity Website

WordPress, HTML, CSS, UX

- Designed and hosted a user-friendly charity website by improving the UI and simplifying the process into a 4-step donation workflow across 5+ platform features, using WordPress and UX design principles.

Food Nutrition Tracker Pro

Streamlit, Python, Matplotlib, Pandas, MongoDB, OpenFoodFacts API

- Implemented a nutrition tracking web app supporting 100+ food entries, enable users to log meals, analyze nutritional intake, and export data using Python, MongoDB, and Streamlit.

ADDITIONAL INFORMATION

Key Strengths: Teamwork, Decision-making, Problem-solving, Adaptability

Activities: Volunteer at Free Tree Society (promote environmental awareness)

Interests: Enthusiast in solving Rubik's Cube (showcasing problem-solving)

Portfolio: <https://ernestezy.github.io/Personal-Portfolio/>

EDUCATION

Bachelor of Software Engineering (Hons)

University of Wollongong Malaysia

Sep 2024 - Present

Diploma in Computer Science (Specialize in Data Analysis)

INTI International College Subang

Aug 2022 - Jul 2024

SKILLS

- Web** (HTML5, CSS3, JavaScript, PHP)
- Framework** (Vue.js, JavaFX, FastAPI)
- Data Analytics** (Python, SAS, R)
- Database** (MySQL, MongoDB)
- Machine Learning** (Python, SAS Miner)
- Programming** (Java, C++, Python, C#)
- Version Control** (Git, GitHub)
- Methodology** - Agile & Incremental Development
- G Suite Scripting** (Google Apps Script, Google Workspace)

LANGUAGE

- English** | Proficient
- Mandarin** | Native
- Malay** | Fluent

CERTIFICATIONS

- Enterprise Design Thinking Practitioner - IBM
- Digital Skills: User Experience - Accenture
- Certificate of Appreciation - SEC and KebSoLife
- Applied Analytics Using SAS Enterprise Miner - SAS
- AWS Cloud Quest: Cloud Practitioner - Training Badge
- BERSAMA MALAYSIA: Microsoft AI For All
- Software Engineer Role - HackerRank
